

**New assisted-bathing system to be unveiled at International Home  
Care & Rehabilitation Exhibition (H.C.R. 2017)**

Coverage of new Shower Bath

As the aging society progresses, demand is growing for a bathing equipment for use by care recipients such as bedridden and wheelchair-bound bathers. Rehabilitation equipment manufacturer OG Wellness Technologies Co., Ltd. (Headquarters: Okayama, Japan; President & Managing Director: Mr. Hiroshi Okuda) has successfully developed a new Shower Bath model for use by care recipients, which will be exhibited for the first time at the 44<sup>th</sup> International Home Care & Rehabilitation Exhibition (H.C.R. 2017) to be held at Tokyo Big Sight, September 27-29. Our English- and Chinese-speaking staff will welcome foreign media to cover this event.

Shower Bath will also be on display at the world's largest medical industry trade fair, MEDICA 2017, to be held November 13-16 in Dusseldorf, Germany.

■ Features of new Shower Bath model (Serenio)

- Assisted bathing system for bedridden and wheelchair-bound bathers
- ① Supine showering greatly reduces burden on bather's body
- ② Equipped with side guards and mid-shower temperature adjustment for safety
- ③ Accommodates larger bathers (up to 190cm, 135kg)

■ OG Wellness exhibition summary

Booth: 2-12-7

Products: OG Wellness will exhibit six products for medical institutions and long-term care facilities, featuring equipment designed for bedridden and wheelchair-bound users. Strength training equipment for elderly users will also be on display.
