

The 21st Dream Yosakoi Dance Festival: “Closing Event” will be held at Tokyo Tower’s e-sports park.

The first 4-sided LED virtual space Yosakoi performance as a Japanese festival. Special collaboration with Japanese brand “KANSAI YAMAMOTO”.

The Dream Yosakoi Festival Global Promotion Foundation (Minato-ku, Tokyo) will hold the “Special closing Event of 21st Dream Yosakoi Dance Festival ” on Sunday, January 29, 2023, at Tokyo Tower, including RED° TOKYO TOWER, one of the largest e-sports parks in Japan.

The event will be held for the first time as the closing event of the “21st Dream Yosakoi Festival” held in Tokyo Odaiba and Marunouchi on November 5 and 6 last year.

Highlights of the festival include three cutting-edge initiatives unique to the Dream Yosakoi Festival, which is “10 steps ahead of the rest”.

(1) Yosakoi performance on a 4-sided LED walls stage, which is the first festival in Japan to allow visitors to experience a performance in an impossible space, such as outer space or original computer graphics, through live viewing and post-programming.

(2) A special collaboration with “KANSAI YAMAMOTO” will be held, and the stunning performance in the costumes presented in the collection will be a must-see. You can enjoy a new world view of Japanese festivals.

(3) “JULIANA’S YOSAKOI” a tribute to the legendary disco “JULIANA’S TOKYO” in Minato Ward, the host city’s hometown, will also be performed. We will transmit TOKYO’s innovative festival culture to the world from Tokyo Tower.
