Daiki Co., Ltd.-NFTStudio24 Press Release July 5, 2023

Daiki Co., Ltd.-NFTStudio24 Interview video released: Liberal Democratic Party web3 project team (PT) chairman Masaaki Taira, member of the House of Representatives

On June 23rd (Friday) on the official YouTube channel “NFTStudio24” (hereinafter referred to as NFTStudio24)” operated by Daiko Co., Ltd. We have released a video with Rep. Masaaki Taira where he shares his insights on the future of Web3 in Japan, his upcoming SBT collection, and support for foreign investors in the local market.

Masaaki Taira on Web3 and Foreign Investment in local market:

Masaaki Taira has been at the forefront of advocating for the adoption and development of blockchain technologies in Japan. His expertise, vision, and extensive involvement in the House of Representatives make him an influential voice in shaping the country's digital transformation.

During the interview, Rep. Taira's shared his perspective on the potential of Web3 technologies, the challenges and opportunities they present, and the role they play in shaping various sectors of Japan's economy.

He also shared that Japan is more open to foreign investors. Compared to the heavily regulated environments in the United States, Europe, Singapore, and Dubai, Japan is steadily progressing with rule establishment.

“I believe that Japanese politicians, rule-makers, and lawmakers have a relatively good understanding of the essence of Web3. Therefore, I think Japan is not a bad partner for entrepreneurs who are planning to engage in business in this field,” he said.
