## **SusHi Tech Square to open, starting its first phase exhibition soon, presenting innovative solutions for modern urban challenges**

The Tokyo Metropolitan Government (TMG) is proud to announce the initial opening of “SusHi Tech Square” on August 30. The “SusHi Tech Tokyo”, or “Sustainable High City Tech Tokyo” concept is being promoted by TMG to produce “sustainable new value” in the city through cutting-edge technology, diverse ideas, and digital know-how. The first phase of the exhibition, which will be on the first floor, will include interactive media and other creative content. Additional floors will be opening later. Please see below for details.

### Outline

#### ■SusHi Tech Square

- Location:** SusHi Tech Square  
(3-8-3 Marunouchi, Chiyoda-ku, Tokyo, the former Tokyo Sports Square)
- Date:** 1<sup>st</sup> Floor opening - Wednesday, August 30, 2023  
2<sup>nd</sup> and 3<sup>rd</sup> Floor opening – During the autumn (planned)
- Outline:** The facility will be used as a space to communicate and implement new ideas in an integrated manner to promote SusHi Tech Tokyo
- 1<sup>st</sup> floor “Space”
    - This will offer an area for free activity with rich creative content such as the “Real World Only” space for experiential media art.
    - It will feature exhibits on the legacy of the Tokyo 2020 Games
    - Hands-on exhibits introducing the rich natural environment and wildlife of Tokyo will also be included
    - A plaza surrounded by the above exhibits will serve as a unique venue for workshops, lectures, project pitches, etc.
  - 2<sup>nd</sup> and 3<sup>rd</sup> floor “Tokyo Innovation Base”
    - This will be a base for startups and other diverse groups to interact and innovate through exchange and implementation.

## **About SusHi Tech Tokyo**

The Tokyo Metropolitan Government is promoting "Sustainable High City Tech Tokyo = SusHi Tech Tokyo" to the world, using cutting-edge technology, diverse ideas, and digital know-how to create "sustainable new values" to overcome global urban challenges. By developing Tokyo's strengths and potential under a single brand, we will share Tokyo's values throughout the international community.

\*Reservation procedures will be announced at a later date

About the Experiential Media Art Exhibition

Themes will be set and exhibited during set time periods

1st Phase: (August 30 – November 19) “¿Will my body turn into mind?” exhibit will take place (see [link](#))

Website: <https://sushitech-real.metro.tokyo.lg.jp/first>

## ■ Tokyo 2020 Games Legacy Exhibition and Competition Experience

- Includes exhibits that will allow visitors to experience the legacy of each stage of the Tokyo 2020 Games, from the bidding process to the preparations for hosting, the opening and closing ceremonies, and the sports competitions themselves. The exhibit will also include a hands-on photo spot, and an Olympic and Paralympic Games experience corner that will use digital technology to allow visitors of all ages to enjoy the events.

## ■ Understanding Tokyo's Nature and Wildlife – an Exhibition of Hands-on Experiential Content

- The exhibition will feature interactive digital content such as a video shot with a 360° underwater camera all along the Tama River, showing the diversity of nature in Tokyo and the world of unknown creatures that live all around us.
